

Adobe ENCORE CS4

1 Day Course

Our 1 day Adobe Encore course provides an introduction to the key features and functions of Adobe Encore (a component of the Adobe Premiere Pro software). Offering a comprehensive feature set, Adobe Encore works with audio, video, graphics and text to author DVD disks for playback on a wide range of systems.

Who should attend?

This course is aimed at those new to the use of Adobe Encore and who are looking to use it as an essential tool for DVD creation.

The course on each day runs from 9.30 am to approximately 4.30pm.
